BWMAT Separated Parent Policy

Policy Approved:	September 2022
Review Date:	September 2026

Adopted by Swainswick Primary School, February 2023, published on the website

Introduction

1. This policy takes into account the government's explanation of [Parental rights and responsibilities](#) and the Department for Education's (DfE) guidance [Understanding and dealing with issues relating to parental responsibility](#). This policy should be read alongside the Child Protection and Safeguarding Policy.
2. At Swainswick, we aim to maintain contact with both parents in the best interests of their child(ren). This policy aims clarify to all parties what is expected from separated parents and what can be expected from the School. The basis of the advice within this policy is with regards to a child or children who have already been admitted to the School.
3. The person(s) with parental responsibility who applied for the child's admission should have involved all others with parental responsibility in making the decision to apply. They should have provided the School with details of all those with parental responsibility for a child. Where this has not happened the School welcomes direct contact from those with parental responsibility providing their own details. However, the School cannot be held responsible for excluding a parent or person with parental responsibility if the information has not been provided to them.
4. If parents separate whilst their child already attends the School, the parents must notify the School immediately so that the School can ensure continuing contact with both parents and, in the event that the parents have separated on an acrimonious basis the School will endeavour to accommodate each parent separately in terms of communications and any attendances at the School.
5. Although this Policy is stated to relate to separated parents, it may also inform decisions made by the school where parents who co-habit disagree as to a particular aspect of caring for their child, for example medical treatment, SEND assessments issues around gender identity.

Definition of "parent"

6. The definition of a "parent" for School purposes is much wider than for any other situation. Section 576 of The Education Act 1996 defines a parent as:
 - all biological parents, whether they are married or not

- includes any person who, although not a biological parent, has parental responsibility for a child or young person - this could be an adoptive parent, a step-parent, guardian or other relative
 - any person who, although not a biological parent and does not have parental responsibility, has care of a child or young person.
7. A person typically has care of a child or young person if they are the person with whom the child lives, either full or part time and who looks after the child, irrespective of what their biological or legal relationship is with the child. For example, this may be a foster carer or family and friends carer who do not have parental responsibility but have been delegated the responsibility for taking day-to-day decisions about the child.
 8. Parents, as defined above, are entitled to share in the decisions about the child's education and to be treated equally by Schools. In particular, these entitlements include, but are not limited to, the following:
 - receiving copies of School reports
 - having access to School records
 - attending parent meetings
 - receiving newsletters
 - invitations to School events
 - information about School trips
 - School photographs relating to their child
 - participation in any exclusion procedure and
 - dealing with any medical issues that arise and/or vaccinations that may be offered.
 9. The School recognises that whilst the parents of some pupils may be separated, divorced or estranged, they are still entitled to the above and this entitlement cannot be restricted without a Court order. If the parents are involved in proceedings before the Court directly relating to the child(ren), the parents should seek the Court's permission to disclose the Court order(s) made to the School. In addition, and should the Courts so require, the School will be willing to provide a letter setting out any information that is specified in a Court order.

Parental responsibility

10. Parental responsibility is defined in the Children Act 1989 and means the rights, duties, powers, responsibilities and authority that a parent has for their child. In addition to a child's natural parents, it can be acquired by Court order, being appointed a guardian, adopting a child or a formal agreement.
11. The information provided to the School when the child was enrolled detailing who has parental responsibility for the child will be presumed to be correct unless a Court order or original birth certificate proving otherwise is provided to the School. The School will be reliant on such information being provided as accurate and true. The information provided regarding the address(es) where the child lives will be

presumed to be correct unless the School is provided with a copy of a Court order setting out arrangements for where the child should live.

12. Every parent with parental responsibility for a child has an equal right to be engaged with decisions regarding their education. Unless there is a Court order limiting an individual's exercise of parental responsibility the School must treat all parents equally and must provide them with the same information.
13. Where contact has been limited by a Court order, the parent still has the right to receive information about the child and be involved in decisions regarding their education and welfare, unless a Court order restricts what information they can receive or removes their parental responsibility. We will not remove a parent's contact details without such a Court order being in place or a parent asks for their own contact details to be removed.

Court orders

14. At Swainswick, our sole wish is to promote the best interests of the child, working in partnership with all parents and/or those with parental responsibility. If there is a Court order in place, the School will always act in ways to ensure, as best it can, that no Court order is breached. The School can only be expected to comply with an order if it is properly notified and has received a sealed digital or paper copy for its files, and only to the extent that it relates to the School.
15. The School has no responsibility for enforcing any Court order but will endeavour to ensure that if there are restrictions in place with regards to the collection of a child, such restrictions are adhered to.
16. In the event that the School is not informed of the existence of such an order, the parents will be treated equally by the School. If there is an order in place and neither the parents and/or those with parental responsibility inform the School then if there is any breach of such order, the School cannot be held responsible and/or liable

Disputes and disagreements

17. Swainswick Primary School hopes that parents and all those with parental responsibility will support the School in working together for the benefit of their children.
18. It is very important to note that any dispute between parents sharing these rights will need to be resolved between them. In all cases where parents and/or those with parental responsibility cannot agree on various issues, parents should seek independent legal advice as to the options available to resolve those issues, either by agreement or by obtaining a Court order.
19. Parents should seek to resolve contact issues without involving the School. The School will not mediate, "take sides" or act as an intermediary between parents who do not communicate with each other.
20. The school may be asked by a Court to give a statement about particular issues concerning the child which might include a copy of certain records. When doing so the school will provide the information to the Court in a form which is impartial and

redacted so as to protect the identities of individuals other than the child concerned and the parties named in the Court proceedings.

Disagreements concerning medical treatment.

21. The school will not provide any statement in support of a parental request for a particular course of medical treatment for a child, but will answer specific questions asked by a medical professional caring for the child.
22. The school will administer medicine to a child in accordance with our policy for the administration of medicines, [see website](#)

Disagreements concerning SEND Assessment

23. Where parents disagree as to the appropriate path for their child as regards assessment of any special educational needs, the school will take such steps as are indicated in the professional opinion of staff to be in the best interests of the child. Parents should refer to the school SEND policy [see website](#)

Changes in family circumstances

24. We ask parents to inform the School whenever something outside School – such as a change in family circumstances – occurs so that we can sensitively support the child in School. We expect parents to update the School whenever emergency contact details change for one or both parents and/or there is a new arrangement for collecting children at the end of the School day, in particular if there is any Court order that has been made.
25. We recognise the sensitivity of some situations and all staff are aware of the need for discretion and confidentiality. School staff will be informed on a strict need-to-know basis so that suitable support can be offered.

The Collection of child(ren) from School

26. On being admitted to the School, and unless notified to the contrary, the School will release children to either or both parents and/or those with parental responsibility and/or those with care of the child.
27. Where the school has been notified of contact arrangements either agreed by all of those people with parental responsibility or set out in a Court Order, the school will only release the child to the person who is stated to have contact on that particular day.
If one parent seeks to remove the child from School in contravention of the notified arrangements, and the parent to whom the child would normally be released on that day has not consented, the following steps will be followed:
 - The Headteacher or designated deputy will meet with the parent seeking to remove the child and then telephone the parent to whom the child would normally be released and explain the request.
 - If the parent to whom the child would normally be released agrees (such agreement to immediately be confirmed by an email to ensure there is record on the School's files), the child may be released and the records will reflect that the permission was granted.

- In the event that the parent to whom the child would normally be released cannot be reached, the Headteacher or designated deputy dealing with the issue may make a decision based upon all relevant information available to him/her.
- The Headteacher or designated deputy may decide to refuse permission if consent cannot be obtained.
- During any discussion or communication with parents and/or those with parental responsibility, the child will remain with their class if during the school day, or may be supervised by an appropriate member of School staff in a separate room if the school day had ended.
- If the school believes that a possible abduction of the child may occur, or if the parent is disruptive, or if the school believes that allowing the child to leave with the parent would create a risk to the safety and well-being of the child, the Police and Social Services will be notified immediately.
- The decision made will be in accordance with the school's duty to safeguard and promote the welfare of children.

Communication between School and separated parents

28. Bulletins, newsletters and general updates are sent via email to all parents and/or those who have parental responsibility for whom we have up-to-date contact details. These updates contain all the main class/School events, including parents' evenings, productions, sports days and class outings and events.

Attendance at School Events

29. The School is able to deal with separate requests for invitations to School events and performances made by separated, divorced or estranged parents who have parental responsibility. The School would be grateful if parents could communicate directly on such matters if they can. although in some instances the School recognises that this may not be possible, for example should there be a Court order in place preventing the parties from contacting each other.

The School will try to comply with requests so that all parents are able to attend events; however, in certain circumstances, and as stated above, it will not always be possible, for example when a Court order preventing contact with the child or each other is in place. In such circumstances, priority will be given to the parent who would usually collect the child on the day of the event in question.

30. In all circumstances, either Class/subject teachers or the Headteacher will be available by appointment to discuss any issues, but the School reserves the right to determine who should be admitted on to the premises at any time, and if the school reasonably believes that the presence of separated parents at the same time may cause disruption and or anxiety amongst the pupils at the school then the school will decide, at its absolute discretion, whether to admit any or all parents to school events.

Parents' evening appointments

31. Whenever requested, we will offer separate parents' evening appointments for separated, divorced or estranged parents who have parental responsibility. Wherever possible, we encourage separated parents to attend parents' evening together,

however, if a parent feels this is not possible, a parent can contact the school office and arrangements can be made for a separate parents evening appointment, however the time and resources may mean that appointments are offered remotely via video.

Written pupil reports

32. Any person who is known to the School to have parental responsibility for a child has the right to receive written progress reports for their child. These will be provided to separated, divorced or estranged parents who have parental responsibility and for whom the School has up-to-date contact details.

Change of name

33. A parent can only change their child's name (forename and/or surname) either by both parents providing a letter confirming such consent and bearing wet signatures or by an order of the Court. Unless either of the above are provided, the child will be known and addressed by their birth name as recorded on their birth certificate.
34. The School is under no obligation to do so but they may, effect an informal change of name if that is requested by the parent(s) or by the child for example (a) verbally addressing a child (b) name on books etc. It is important to note that the School database, unless changed by an order of the Court, will reflect the child's name at birth. In addition, and as stated, any informal change of name addressing the child is at the School's complete discretion after the School has taken into account all of the circumstances. Requests made by a child for such an informal change on grounds covered in our policy on transgender and non-binary pupils policy will be considered regardless of whether the change is requested or supported by all, or any, parents.

Information about School Trips, vaccinations and other areas of consent

35. Information about proposed school trips and vaccinations will be shared with all parents,
36. Consent to attend a school trip, or to administer a medical vaccination is required from one person with parental control only. The school is under no obligation to inform the other parent(s) when such consent has been received.
37. Where parents are invited to attend a school trip, and where more than one parent of a child wishes to attend but at least one of them does not wish the other to attend, priority will be given to the parent who would normally be expected to collect the child on the day of the trip.

School Photos

38. Information about how to order school photos will be send to all parents.

Access to School information

39. Key information is available on the Swainswick Primary School [website](#). Parents may also receive information via letter / email / telephone / Whatsapp.

40. For parents who do not have access to the internet paper copies of communications may be requested from the School.
